

CMAQ PROJECT
SILVA VALLEY PARKWAY BIKEWAY
HARVARD WAY TO GREEN VALLEY ROAD

Project Description

This project will design and construct: approximately 1.1 miles of Class I bike path east of Silva Valley Parkway between the Harvard Way and Appian Way intersections on Silva Valley Parkway; design and construct approximately 0.9 miles of Class II bike lane along northbound and southbound Silva Valley Parkway from Appian Way to Green Valley Road; design and construct approximately 1.1 miles of Class II bike lane on southbound Silva Valley Parkway from Appian Way to Harvard Way. The proposed project is estimated to be within the existing El Dorado County Right of Way.

Current Project Status

EDCTC programmed \$1,678,000 in CMAQ funds to the project in March of 2014. An additional \$166,000 in CMAQ funding was programmed to the project on June 2, 2016, at the request of El Dorado County to cover cost increases on the project. EDCTC programmed additional \$100,000 in Urban STBGP funds to the project in December of 2016 to apply a slurry seal and striping application to Silva Valley Parkway between Harvard Way and Green Valley Road, within the vehicle travel lanes, or from fog line to fog line in those areas where the slurry seal and striping was not already planned to occur. Environmental clearance (CEQA/NEPA) is complete and the project is 100% designed. The County Transportation Division has completed the request for authorization (RFA) package for construction funds. The project is expected to be advertised in Spring of 2017 with construction during the summer.

Upcoming Activities

- Advertise for construction in Spring 2018
- Construction in Summer 2018

PROJECT FUNDING DETAIL				
Project Phase	Amount Programmed	Source	Status	Project Cost
Preliminary Engineering	\$370,000	CMAQ	Authorized	\$80,000
ROW	\$20,000	CMAQ	Authorized	\$108,000
Construction	\$1,454,000	CMAQ	RFA Submitted	\$1,245,000
	\$100,000	Urban STBGP	RFA Submitted	\$100,000
TOTAL	\$1,944,000			\$1,944,000
